Not Approved.....	0	Average Daily Ridership 2000-01	51
High School Diplomas Regular.....	18	District Owned Operation	
Other Completions*	0		

* Certificates of Completion issued by the district

** Limited English Proficient (LEP)

Superintendent's Highlights

Clark County School District has enjoyed immense successes this year. A bond levy has allowed the construction of a new junior-senior high school facility, and grants have allowed for extensive remodeling and upgrading of both elementary schools.

In addition, our curriculum alignment with the standards has resulted in extensive gains on state and national tests. The local districts formed a consortium that was extremely beneficial in assisting teachers in the process and completing this task.

Furthermore, the school's athletic program has excelled this year. The girls' basketball team qualified for state for the first time in 18 years. The boys' basketball team excelled even though it was a rebuilding year. The football team had an excellent record with many impressive victories. The track team had 100 percent of its participants qualify for state competition with 75 percent of the students placing or winning at the state level.

Progress Towards Meeting District Goals

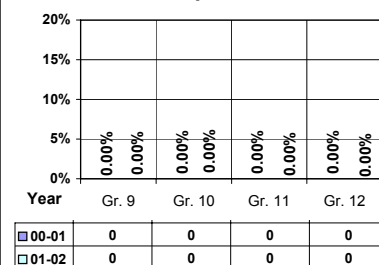

2001-02 Goals	Progress
Build new junior/senior high school and upgrade other facilities	Phase 1 of the junior/senior high school construction is completed with students utilizing the new classrooms as of February 18th. Phase 2 will be completed by October 1, 2002. Overcrowding in the Lindy Ross Elementary was overcome by the donation of the old LDS church building to the school. Renovation grants and bond moneys are being utilized to upgrade elementary buildings and build new shop.
Align curriculum and assessments	District joined consortium and has aligned both language arts and math curriculum to standards and developed appropriate assessments.
Develop K-12 Health and PE Program	Elementary program has two grade levels completed. High School program is still in progress.
Review Shop program	A committee reviewed different program options and it was determined to remain with a more traditional program at this time. A building will be designed to meet the needs of the program.
Develop a safe school environment	A school-wide crisis manual is being developed and issues are being addressed as part of overall school-wide improvement process.
